~~Criminal LawBasics By Clare Connelly | Used—Very Good ...~~

A crime is something that someone does—or doesn't do—that violates the law and can result in punishment from the government. It's behavior that might harm a specific person but is fundamentally considered an offense against society. Crimes normally involve an act, like stealing something or striking someone.

Criminal Law: The Basics is an insightful introduction to the legal aspects of criminal acts, ranging from battery to burglary and harassment to homicide. Starting with an in-depth exploration of the very concept of crime, this book considers such questions as: how should we decide what is criminal and what isn't? what is the difference between murder and manslaughter? could you ever be guilty of stealing your own property? what defences are available to those accused of crime? The book features numerous case studies from the infamous to the bizarre and key questions for consideration throughout. Each chapter ends with lists of relevant cases, statutes and suggestions for further reading, making this an ideal starting point for anyone interested in criminal law.

With succinct coverage, lucid writing, and a cogent thematic framework, Criminal Law: The Basics is ideal for introducing the concepts of criminal law. The author not only familiarizes readers with the history, sources, and concepts of criminal law

Criminal Law: The Basics introduces readers to the history, sources, and concepts of criminal law in a clear and concise style that is ideal for undergraduates. By engaging with realistic hypothetical exercises, students learn how to identify the elements of substantive criminal offenses. Frank A. Schubert continues to emphasize the dual influences of common law and federalism in shaping American criminal law. New to the Third Edition: Dozens of recent primary cases text, including *Miller v. Alabama* on the sentencing of juveniles to life imprisonment without parole A review of the major milestones in American criminal law history Expanded coverage of self-defense, including make my day and stand your ground statutory material in Chapter Five Broad discussion of federal criminal law

In the United States today criminal justice can vary from state to state, as various states alter the Modern Penal Code to suit their own local preferences and concerns. In Eastern Europe, the post-Communist countries are quickly adopting new criminal codes to reflect their specific national concerns as they gain autonomy from what was once a centralized Soviet policy. As commonalities among countries and states disintegrate, how are we to view the basic concepts of criminal law as a whole? Eminent legal scholar George Fletcher acknowledges that criminal law is becoming increasingly localized, with every country and state adopting their own conception of punishable behavior, determining their own definitions of offenses. Yet by taking a step back from the details and linguistic variations of the criminal codes, Fletcher is able to perceive an underlying unity among diverse systems of criminal justice. Challenging common assumptions, he discovers a unity that emerges not on the surface of statutory rules and case law but in the underlying debates that inform them. *Basic Concepts of Criminal Law* identifies a set of twelve distinctions that shape and guide the controversies that inevitably break out in every system of criminal justice. Devoting a chapter to each of these twelve concepts, Fletcher maps out what he considers to be the deep structure of all systems of criminal law. Understanding these distinctions will not only enable students to appreciate the universal fundamental ideas of criminal law, but will enable them to understand the significance of local details and variations. This accessible illustration of the unity of diverse systems of criminal justice will provoke and inform students and scholars of law and the philosophy of law, as well as lawyers seeking a better understanding of the law they practice.

For courses in criminal law and criminal procedure (as well as supplementary readings in constitutional law) in the paralegal and more general criminal justice programs. A comprehensive, well-organized approach to understanding key legal concepts and developing the essential skills and hands-on experience needed to enter the legal profession *Basic Criminal Law, Fifth Edition*, provides a thorough grounding in criminal law, its history, how it is practiced today, and what trends will take it into the future. Rich with features that guide readers through the history of criminal law, the crimes themselves, and specific legal procedures, this text offers numerous opportunities to develop the real-world skills needed to enter the workforce. The Fifth Edition includes: insights from current and high-profile key cases; new *You Make the Call* sections; a revised chapter on sex crimes; a revised appeals section; updated crime statistics and definitions; updated evidence concept sections; and enhanced practical tips and strategies.

This critically acclaimed handbook is an in-depth study of human rights and criminal justice, in particular the Criminal Procedure Code, in India. The new edition, with an additional chapter on recent changes in the criminal justice system, reviews contemporary developments in this area.

Basic Criminal Law, Third Edition offers a comprehensive, well-organized approach to understanding key legal concepts and to developing the real-world skills students will as paralegals or in other criminal justice roles. Thoroughly updated for the latest trends, it guides students through the history of criminal law, the crimes themselves, and specific legal procedures. To promote interest, it presents crimes first and then procedures, and highlights current events and case law throughout. This edition's new features include: completely revamped end-of-chapter material, including a comprehensive *Building Your Professional Skills*
