With a distinctly Canadian agenda, Beechy/Conrod/Farrell/McLeod-Dick Intermediate Accounting, Volumes 1 & 2, develops both the technical skills and the professional judgement needed for students to succeed in this course. Highly regarded by instructors across Canada for its wealth and variety of cases, the new 7th Edition now includes a greater range and abundance of end-of-chapter technical exercises and assignments designed to build students confidence, provide opportunity to practice accounting concepts, and complement the cases.

Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and
