The newly built Kingdom Hospital in Lewiston, Maine, is one of the most technologically advanced hospitals in the country. Unfortunately, it was erected on the site of a terrible tragedy -- a textile mill fire that killed dozens of workers, mostly children. And it appears that beneath the sheen of the new construction and scientific

King began writing at the early age of eight, and would publish his beginnings in his first stories. The kids at school read his stories. It was not easy to publish Carrie, the novel that launched his career. Previously, he lived on many different jobs, and the checks he charged for his stories. Death and fear were always by his side before he dug graves in the local cemetery in his teenage years, as his first paid job. His tenacity and constancy made him be recognized as the "King", tribute to his lastname. Here, you will discover his beginnings: since his great

Grandparents, grandparents, parents, poverty, his father's manuscript box, his first stories, his time in high school he doesn't want to remember, college, his first novels, his job as an english teacher, his alter ego, his problems... and finally his success among the masses. This is a study of his first stage, Stephen King's finest, the one that left an impact on us and the reason why we call him the king of horror. One day his finger randomly fell on a United States map, in Colorado, on Hotel Stanley. He followed the destiny he was meant to follow. Can you guess what story it is?
